About WolfJobs

- "Ready to jump into a side hustle or land your dream full-time job? Look no further than WolfJobs! We're the ultimate platform connecting recruiters to top talent for both short-term gigs and full-time careers, giving candidates the freedom to choose the perfect opportunity. Whether you're a student or a recruiter, WolfJobs makes the entire process seamless.
- At the heart of campus life, WolfJobs is the go-to portal for student employment. With its sleek, user-friendly design, Get Placed turns the hassle of job searching, applying, and tracking into an effortless journey—so you can focus on building your career, not sifting through paperwork.
- For recruiters, it's time to ditch the spreadsheets and endless documents. WolfJobs' powerful skill-matching features help you quickly find, analyze, and manage the best candidates, making hiring smarter and easier than ever. WolfJobs, the perfect match is just a click away!"

What's New?

- **Effortless Resume Uploads & Parsing** – With MongoDB powering our database, uploading and managing resumes is now a breeze, securely storing all your key documents in one place.
- **Custom Job Searches** – Tailor your job hunt with ease! Use filters like pay range, location, and type of on-campus opportunity to zero in on exactly what you're looking for.
- **Smart Application Matching** – WolfJobs takes the guesswork out of job searching! Our platform analyzes your profile and qualifications, suggesting job postings that are the perfect fit. Plus, you can pinpoint the best opportunities that align with your career goals.
- **Real-Time Notifications** – Never miss an update! Our brand-new "In-App Notification" tab keeps you in the loop with timely alerts on your current and future job applications, so you're always one step ahead.
- **Sleek User Interface** – With fresh screens for students and managers, plus enhanced branding, the WolfJobs portal is now an absolute visual treat—making job searching easier and more enjoyable than ever before!

Future scope

- **Expanding Our Target Audience:** We will broaden our platform to include off-campus job opportunities, inviting industry recruiters to connect with students seeking internships and full-time positions.
- **Introducing Premium Features:** New premium features will enhance the job application process, including:
 - a. **Cover Letter Generation:** Automatically create cover letter outlines based on resumes and job description.
 - b. **Auto-fill Functionality:** Save time by auto-filling repetitive details in application forms, with easy editing options.
- **Percentage Matching of Profiles:** We will implement a percentage-based skill-qualification matching system, enabling recruiters to make informed decisions based on detailed compatibility.
- **Email Notifications:** Users will receive email updates about new job openings, application statuses, and confirmations for registrations, keeping them informed throughout the process.
- **Two-Factor Authentication:** To enhance security, we will introduce two-factor authentication, requiring users to verify their identity with a code sent to their email.
