JOBTRACKR

GROUP 50 - UDDHARSH VASILI, SAI VINEEL REDDY MARREDDY, CHANDRAKANT KONETI

ABOUT JOBTRACKR

Unlock a world of job opportunities with **JobTrackr –** the ultimate job management platform built for efficiency and ease.

Whether you're managing multiple applications or tracking your career growth, **JobTrackr** simplifies the process by offering **personalized job recommendations**, **direct application features**, and an **intuitive dashboard** to monitor your progress. With advanced security, streamlined workflows, and improved peformance, JobTrackr ensures you stay ahead in your job search, giving you the tools to succeed—all in one place.

Get ready for a smarter, faster way to land your next opportunity!

INNOVATIVE FEATURES

PERSONALIZED JOB TRACKING
Centralized management of job applications, recruiter details, interview dates, and offer packages

REFINED SEARCH
Advanced filters and job matching tailored to user profiles

PERFORMANCE OPTIMIZATIONS
Includes multithreading, caching, and paginated views for smoother user experience

SECURED USER DATA
Base64 authentication and planned multi-factor authentication

FUTURE EXPANSION
Plans to enhance Query Performance and addition of a new tab to extract skills from job descriptions

FUTURE ENHANCEMENTS

ENHANCED SECURITY
Implement two-factor or multi-factor authentication to bolster account security, including encrypted passwords and secure login via tokenization

IMPROVED QUERY PERFORMANCE
- Implement Indexing and Query Optimization
- Introduce Caching for Frequently Accessed Data
- Table Partitioning for Large Data
- Stored Procedures and Views for Complex Queries
FEATURE ADDITIONS
Add a new tab for skills extraction from job descriptions
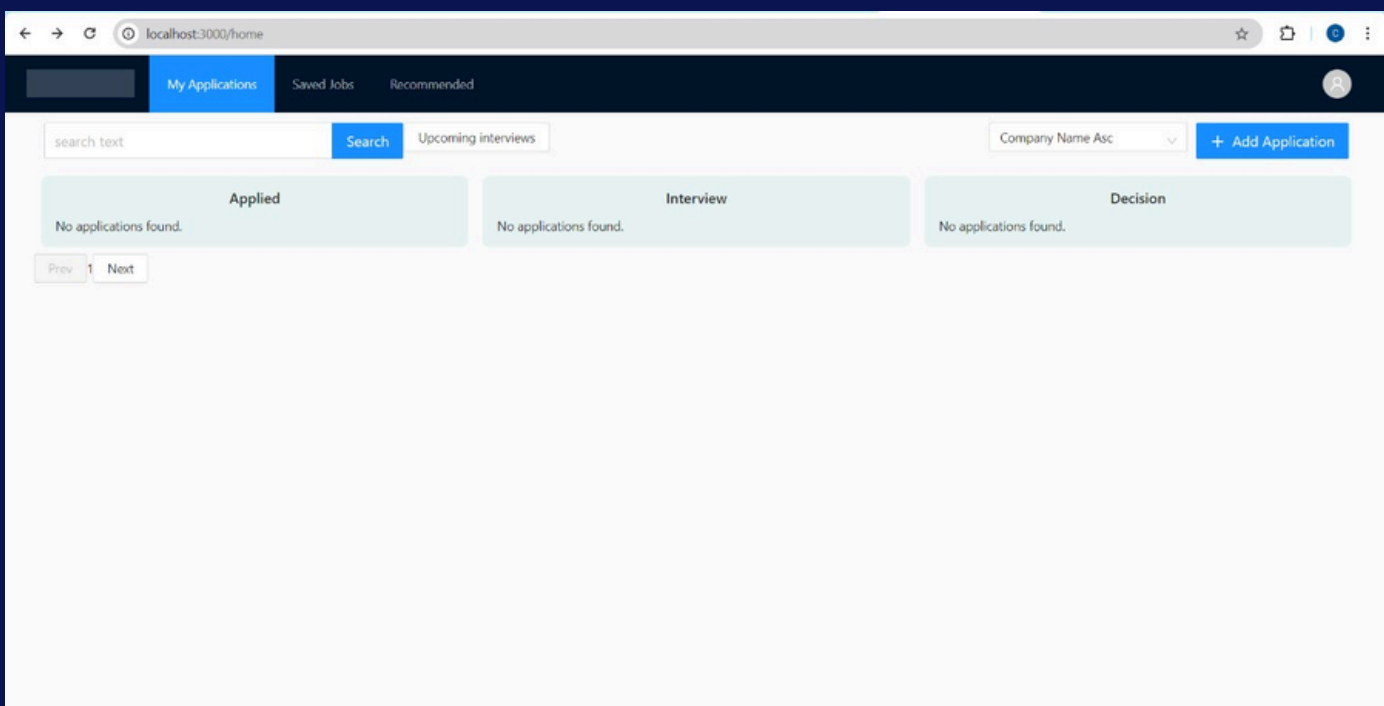

FIXING BUGS IN PAGINATION AND SORTING
Fix Sorting and Pagination Edge Cases: Resolve bugs to ensure correct sorting and pagination across all data types
UI/UX Enhancements for Pagination
