MOVIE RECOMMENDER

MAKE NETFLIX AND CHILL EASY!

Tired of waiting for the gang to decide which movie to watch? We have the answer!

Movie Recommender is the website for suggesting movies ripe for the mood you are in! With Movie Recommender, you can just tell us which movies you loved, and we'll find similar ones for you!

IMPLEMENTATION MILESTONES

- Search for movies you have liked
- Get recommended movies
- Watch trailers for recommendations
- Give feedback to suggested movies

FUTURE ENHANCEMENTS

- Google Sign-In Integration
- Description Search
- IMDB Ratings at a glance
- 'Where to Watch' Suggestions

TESTING

- Contains over 50 test cases.
- Tests valid and invalid movie titles in the recommendation system.
- Includes edge cases such as gibberish, long titles, and invalid ratings.
- Tests search function for specific keywords, handling special characters, long strings, and HTML tags.
